Campaign Spending: [List of Filers](#)

I am a dedicated member and a shop steward for the IBEW. For many years, my husband and I have been devoted employees for Hawaiian Tel Com. I have 4 children and soon to be 5 grandchildren. My youngest daughter is entering her 2nd year at Hawaii Pacific University, Majoring in Nursing.

As a long time resident of Ewa Beach, I have seen so many changes along with numerous unsolved issues. There are a few major issues that concern me along with the community.

Traffic is unbearable during rush hours. Too many homes are being built without infrastructure and without any secondary route to avoid traffic. Before building more homes, the State should be more prepared to offer the residents a traffic free community. Developers should also offer more affordable homes than commercial homes. To build a prosperous and happy community, the developers and the State representatives should contribute to the communities needs.

The weed and seed program needs enforcement. There are too many drugs and alcohol use in our public parks and streets. Drug activity is seen through out the day where it is exposed to our children. Although it is hard to keep drugs off the street, it could be controlled if the weed and seed program was efficient in keeping our community clean.
